Hired Contractor Summer 2023 - Very good experience and loved the final result. Professional throughout entire process and definitely recommend. No more vinyl, tiles, or carpet. Easy to clean and maintain.

5-Star Paving is amazing. They do exceptionally great work. Great prices too! They recently did a small parking lot in Old town Greenwood. I have also hired them to do 3 of my rental properties in the last 2 years. I highly recommend 5-Star Paving. They will always have my business.

Frank and the rest of the team at Five Star are seriously some of the best contractors in the business. They are a homegrown company with local roots, and the work ethic and skill to get projects done quickly, cleanly, and most important - affordably. Their recent growth can only be the result of more time spent engaging with their existing customers, and developing on the skills they've already begun to master.

I will continue calling them until I run out of parking lot to pave!
